

Tooling	Garden tool mould High-end die casting for power tools, Injection mould
Electronic appliances	Lithium control solutions and manufacturers Integrated solutions for switches, wiring harness, speed control components High voltage (56V and above) high current (20A and above) switches
Motor and controlling	Brushless control solutions and manufacturers Integrated chip
hardware component	Professional powder metallurgy gear Professional DC gearbox parts, kit Forged parts - impact series Small parts machining, high-precision flanges, nuts, etc.
Packaging & Accessories	Professional outer container, soft case, pulp lining Innovative packaging design, production Working accessories of drills, saws etc.
Outdoor Power Equipment related	Various types of sheet metal, pipe, pump, working accessories - blade, saw blade, chain, etc.
Other new material / technology	Such as plastic instead of metal, powder emit etc.
